

APPENDIX FF

Parasonic Microspeakers

These compact, low-profile microspeakers are best suited for portable audio equipment such as portable radios, microcassette recorders and liquid crystal TV sets and compact audio systems. They are available in a variety of mounting configurations such as push-on, screw-mount, solder-mount, and through-hole. They are also available in a variety of mounting configurations such as push-on, screw-mount, solder-mount, and through-hole.

Model	Power Rating	Impedance	Frequency Response	Mounting	Dimensions	Weight
A	0.10	16	100-10,000 Hz	Push-on	10.0 x 10.0 x 10.0	0.10
B	0.10	16	100-10,000 Hz	Push-on	10.0 x 10.0 x 10.0	0.10
C	0.10	16	100-10,000 Hz	Push-on	10.0 x 10.0 x 10.0	0.10
D	0.10	16	100-10,000 Hz	Push-on	10.0 x 10.0 x 10.0	0.10
E	0.10	16	100-10,000 Hz	Push-on	10.0 x 10.0 x 10.0	0.10
F	0.10	16	100-10,000 Hz	Push-on	10.0 x 10.0 x 10.0	0.10
G	0.10	16	100-10,000 Hz	Push-on	10.0 x 10.0 x 10.0	0.10
H	0.10	16	100-10,000 Hz	Push-on	10.0 x 10.0 x 10.0	0.10
I	0.10	16	100-10,000 Hz	Push-on	10.0 x 10.0 x 10.0	0.10

Parasonic Electro Condenser Microphone Cartridge

These compact, low-profile microspeakers are best suited for portable audio equipment such as portable radios, microcassette recorders and liquid crystal TV sets and compact audio systems. They are available in a variety of mounting configurations such as push-on, screw-mount, solder-mount, and through-hole. They are also available in a variety of mounting configurations such as push-on, screw-mount, solder-mount, and through-hole.

Model	Power Rating	Impedance	Frequency Response	Mounting	Dimensions	Weight
A	0.10	16	100-10,000 Hz	Push-on	10.0 x 10.0 x 10.0	0.10
B	0.10	16	100-10,000 Hz	Push-on	10.0 x 10.0 x 10.0	0.10
C	0.10	16	100-10,000 Hz	Push-on	10.0 x 10.0 x 10.0	0.10
D	0.10	16	100-10,000 Hz	Push-on	10.0 x 10.0 x 10.0	0.10
E	0.10	16	100-10,000 Hz	Push-on	10.0 x 10.0 x 10.0	0.10

Parasonic Ceramic Microphone/Receiver Cartridge

These compact, low-profile microspeakers are best suited for portable audio equipment such as portable radios, microcassette recorders and liquid crystal TV sets and compact audio systems. They are available in a variety of mounting configurations such as push-on, screw-mount, solder-mount, and through-hole. They are also available in a variety of mounting configurations such as push-on, screw-mount, solder-mount, and through-hole.

Model	Power Rating	Impedance	Frequency Response	Mounting	Dimensions	Weight
A	0.10	16	100-10,000 Hz	Push-on	10.0 x 10.0 x 10.0	0.10
B	0.10	16	100-10,000 Hz	Push-on	10.0 x 10.0 x 10.0	0.10
C	0.10	16	100-10,000 Hz	Push-on	10.0 x 10.0 x 10.0	0.10

Parasonic Ultrasonic Ceramic Microphones

These compact, low-profile microspeakers are best suited for portable audio equipment such as portable radios, microcassette recorders and liquid crystal TV sets and compact audio systems. They are available in a variety of mounting configurations such as push-on, screw-mount, solder-mount, and through-hole. They are also available in a variety of mounting configurations such as push-on, screw-mount, solder-mount, and through-hole.

Model	Power Rating	Impedance	Frequency Response	Mounting	Dimensions	Weight
A	0.10	16	100-10,000 Hz	Push-on	10.0 x 10.0 x 10.0	0.10
B	0.10	16	100-10,000 Hz	Push-on	10.0 x 10.0 x 10.0	0.10
C	0.10	16	100-10,000 Hz	Push-on	10.0 x 10.0 x 10.0	0.10
